RE: The Assistant Treasurer's failure to professionally answer correspondence.

7 December 2006

Dear MHR,

As an Australian citizen I have certain duties privileges and rights, one of which is truthful answers to legitimate questions asked of Australian Parliamentary office bearers.

The Assistant Treasurer's four month delayed reply of 26-10-26 fails to answer a single question contained in my document of 26-06-2006. It is a less than satisfactory response. (Copies of both documents attached).

Mr. Dutton's reply bears no relation to my document, and brings the integrity of the Australian Parliament into disrepute. Given the facts, the most unquestioning Australian citizen must ask, "If office bearers of parliament can display such blatant evasiveness, what is the true state of democracy in Australia?"

With the reputation of the Parliament at stake, I request the members of both houses demand the Treasurer instruct the Assistant Treasure to provide me with an immediate professional reply that truthfully answers each of the questions contained in my document of 26_06_2006.

I thank you in anticipation of your contacting the Treasurer in this matter.
